5.5 million Palestinian refugees under UNRWA's mandate

Pray for our forcibly displaced brothers and sisters who live in difficult circumstances and with uncertain futures. Pray that God would give them their daily bread. Pray that He will heal their hearts, minds and bodies from traumas suffered. Pray that they would know God's presence with them and that God would renew their faith, joy and strength with each sunrise. Pray that God would give them a hope and a future.

Pray for refugee women and children. They are among the world's most vulnerable people and make up more than half of the world's refugee population. Pray that God would protect them from people who would like to prey upon them and exploit their vulnerability.

Pray that God would raise up peacemakers and bring peace to countries where wars, violence and persecution are forcing people from their homes. Pray for peace and safety in major refugee producing countries like Afghanistan, Syria, Somalia, D.R. Congo, South Sudan, Central African Republic, Myanmar, Iraq, and Eritrea.

Pray for the Refugee Highway Partnership, a dynamic and growing international network of individuals, churches and Christian agencies that are finding ways to help local churches seek the welfare and protection of forcibly displaced people. Pray that God will continue to grow this network of Christians burdened to seek the welfare of forcibly displaced people in Africa, Europe, the Middle East, North America, Oceania, South Asia and South East Asia. Pray that as they share learning and resources, that local churches would become more effective in welcoming and loving the forcibly displaced people in their communities.

Pray for countries hosting refugees. 80% of the world's refugee population is found in developing countries. They carry a heavy load – sometimes at great risk. Large waves of refugees can be difficult for countries to absorb and care for – even with assistance from the UN. Pray for major refugee hosting countries like Bangladesh, Pakistan, Iran, Jordan, Lebanon, Turkey, Kenya, Chad, Ethiopia, and Uganda.
